Contents

Acknowledgments	vii
Part I. The Concept of an Ecosystem	1
1. Fundamental Ambiguities in the Ecosystem Concept	3
2. A Historical Perspective on How Ecologists Have Viewed Ecosystems	20
Part II. Preliminary Considerations	35
3. The Ecosystem as a System	37
4. The Concept of Hierarchy and Its Typical Application	55
Part III. A Proposal for a Theory	73
5. Some Elements of Hierarchy Theory	75
6. Hierarchical Structure as the Consequence of Evolution in Open, Dissipative Systems	101
Part IV. Applications of the Theory to Ecological Systems	123
7. Ecosystems as Hierarchies of Species	125
8. Ecosystems as Hierarchies of Processes	159
9. Ecosystems as Dual Hierarchies	186
