other research assistance during 1984-7). George Trey and Michael Hinz and Ted Vaggalis provided valuable editorial and other research help during the subsequent years, for which I am very grateful. The assistance of all these good persons is acknowledged with heartfelt appreciation.

Acknowledgment is also made to various publishers for my use of portions of (or quotations from) my own writings. References to these published writings, in the endnotes, will be in shortened form; full details can be found in part 2 of the Bibliography.
