Introduction	1
I RELATIVISM AND THE PROBLEM OF HUMAN NEED	7
1 Who Needs Human Needs?	9
Orthodox economics: needs are preferences	9
The New Right: needs are dangerous	10
Marxism: needs are historical	12
Critiques of cultural imperialism: needs are group specific	13
Radical democrats: needs are discursive	16
Phenomenological arguments: needs are socially constructed	19
2 The Inevitability of Human Needs	22
Orthodox economics: circularity of evaluation	22
The New Right: universality after all	24
Marxism: the cynical gaze of determinism	27
Critiques of cultural imperialism: the objectivity of oppression	29
Radical democrats: romanticising group morality	30
Phenomenological arguments: social realities kick back	31

3 The Grammar of 'Need'	35
Needs as drives	35
Needs as goals and strategies	39
Needs, relativism and morality	42
II A THEORY OF HUMAN NEED	47
4 Physical Health and Autonomy: the Basic Needs of Persons	49
Needs as the preconditions for human action and interaction	50
Survival/physical health as a basic need	56
Autonomy as a basic need	59
Problems in comparing need-satisfaction	69
5 Societal Preconditions for the Satisfaction of Basic Needs	76
The social dimension of individual autonomy	76
Four societal preconditions	80
6 Human Liberation and the Right to Need-Satisfaction	91
Duties, rights and moral reciprocity	92
Special obligations and the optimisation of need-satisfaction	104
Relativism and the prospect for human liberation	108
Appendix: the rights of enemies to need-satisfaction	112
7 Optimising Need-Satisfaction in Theory	116
Habermas and rational communication	120
Rawls, justice and optimal need-satisfaction	126
Revising Rawls	132
Critiques of Rawls	135
Internationalism, ecology and future generations	141
III HUMAN NEEDS IN PRACTICE	149
8 Measuring Need-Satisfaction	151
Social indicators and other direct measures of human welfare	151
Satisfiers and 'intermediate needs'	155

Standards of basic need-satisfaction	159
Standards of intermediate need-satisfaction	161
Problems in devising social indicators of need-satisfaction	164
9 Physical Health and Autonomy	171
Survival and disability	172
Physical disease	176
Autonomy and mental illness	180
Learning and cognitive skills	181
Social roles and opportunities to participate	184
Critical autonomy	187
10 Intermediate Needs	191
Food and Water	194
Housing	196
A non-hazardous work environment	199
A non-hazardous physical environment	200
Health care	201
Security in childhood	204
Significant primary relationships	207
Economic security	210
Physical security	212
Education	214
Safe birth control and child-bearing	217
11 Societal Preconditions for Optimising Need-Satisfaction	222
More on the universality of human rights	222
Procedural preconditions for negative freedom	225
Material preconditions for positive freedom	230
Economic sustainability and the rights of future generations	242
12 Charting Human Welfare: Need-Satisfaction in the Three Worlds	247
Charting objective welfare	247
Basic and intermediate needs	249
Societal preconditions	261
Gender differences in need-satisfaction	265
Conclusion: global patterns of welfare	269

IV THE POLITICS OF HUMAN NEED	275
13 Towards a Political Economy of Need-Satisfaction	277
Economic development and need-satisfaction in the Third World	277
State socialism and need-satisfaction in the Second World	283
Advanced capitalism and need-satisfaction in the First World	287
Global dilemmas	293
Towards a political economy of need-satisfaction	294
14 A Dual Political Strategy	297
The dual strategy in theory	298
The argument for centralisation	300
The argument for decentralisation	306
The dual strategy in practice	309
<i>Notes</i>	313
