The original version of this article [1] unfortunately contained mistakes. Panel headings in Figs. 3, 4 and 5 (Figs. 1, 2 and 3 here) were included incorrectly.

The first column in Fig. 3 (Fig. 1) should have been labelled 'Control' the third column 'Ivermectin'. The first row should be labelled 'Intestine' the second 'Ventricle'.

The first row in Fig. 4 (Fig. 2) should have been labelled 'Control' the second row should be "GP-132 BT", and the third row 'Ivermectin'. Panel 'b2' should have been labelled 'b1'.

The first column in Fig. 5 (Fig. 3) should have been labelled 'Control', the third column 'Ivermectin'.

The figures are included correctly below and have been updated in the original publication.
