CORRECTION

Correction to: Aluminum Production in the Times of Climate Change: The Global Challenge to Reduce the Carbon Footprint and Prevent Carbon Leakage

GUDRUN SAEVARSDOTTIR ,[1,5] HALVOR KVANDE,[2] and BARRY J. WELCH[3,4]

1.—Department of Engineering, Reykjavik University, 101 Reykjavík, Iceland. 2.—The Norwegian University of Science and Technology, Trondheim, Norway. 3.—University of New South Wales, Sydney, Australia. 4.—Welbank Consulting Ltd, Whitianga, New Zealand. 5.—e-mail: gudrunsa@ru.is

CORRECTION TO: JOM, VOL. 72, NO. 1, 2020
https://doi.org/10.1007/s11837-019-03918-6

The authors note that Fig. 2 is incorrect in the original publication of this article. The correct Fig. 2 appears here.

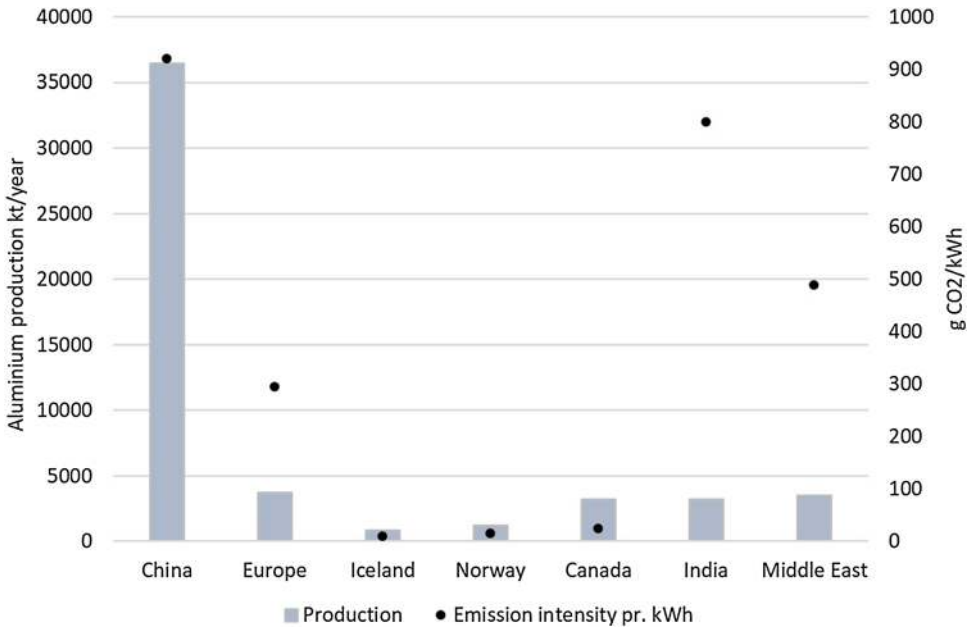

Fig. 2. The aluminum production given in kt/year and the corresponding average CO_2 emission intensity given in gCO_2e/kWh for different aluminum-producing countries [1, 5, 6, 14–19].
