Correction to:

Journal of Inorganic and Organometallic Polymers and Materials (2018) 28:1178–1186

<https://doi.org/10.1007/s10904-017-0758-7>

There was an incorrect labeling of the samples during the VSM experiment by the operator, which caused us to present an incorrect Ms for F@Tyr@TMX NPs in Fig. 6 revised below. Since the presented result is related to iron oxide nanoparticles, replacement of the image does not influence the main conclusions of the paper. In order to present valid results, we repeated the VSM experiments.
