

# **Applied Methods of Cost-effectiveness Analysis in Health Care**

Alastair M. Gray

Philip M. Clarke

Jane L. Wolstenholme

Sarah Wordsworth

**OXFORD**  
UNIVERSITY PRESS

# Contents

Abbreviations and acronyms *xi*

- 1** Introduction *1*
  - 2** Economic evaluation in health care *7*
  - 3** Life tables and extrapolation *39*
  - 4** Modelling outcomes using patient-level data *61*
  - 5** Measuring, valuing, and analysing health outcomes *83*
  - 6** Defining, measuring, and valuing costs *119*
  - 7** Analysing costs *143*
  - 8** Decision analytic modelling: decision trees *179*
  - 9** Decision analytic modelling: Markov models *211*
  - 10** Representing uncertainty in decision analytic models *249*
  - 11** Presenting cost-effectiveness results *267*
  - 12** Summing up and future directions *301*
- Index *307*
