978-087969-736-5

1	Performing Quantitative Experiments with Biomolecules, 1
2	Affinity Constants, 19
3	Cooperativity in Binding, 49
4	Rate Constants for Binding and Dissociation, 69
5	Kinetics of Regulation and Cooperativity in Binding Reactions, 99
6	Rate Constants for a Two-step Binding Reaction, 117
7	Data Analysis, 135
Appendix 1: Equation Derivations, 155	
Appendix 2: Resources and References, 169	
Index, 179
