This Flora of California is brought to you for free and open access by the Open Educational Resources and Data at Digital Commons @ Humboldt State University. It has been accepted for inclusion in Botanical Studies by an authorized administrator of Digital Commons @ Humboldt State University. For more information, please contact kyle.morgan@humboldt.edu.

CALIFORNIA FLORAS, MANUALS, AND CHECKLISTS

**Literature on the Identification and Uses
of California Vascular Plants**

Compiled by

**James P. Smith, Jr.
Professor Emeritus of Botany
Department of Biological Sciences
Humboldt State University
Arcata, California**

21st Edition – 14 November 2019

TABLE OF CONTENTS

Introduction	1
1: North American & U. S. Regional Floras	2
2: California Statewide Floras	4
3: California Regional Floras	6

Northern California
Sierra Nevada & Eastern California
San Francisco Bay, & Central Coast
Central Valley & Central California
Southern California

4: National Parks, Forests, Monuments, Etc.	15
5: State Parks and Other Sites	23
6: County and Local Floras	27
7: Selected Subjects	56

Endemic Plants
Rare and Endangered Plants
Extinct
Aquatic Plants & Vernal Pools
Cacti
Carnivorous Plants
Conifers
Ferns & Fern Allies
Flowering Trees & Shrubs
Grasses
Orchids
Ornamentals
Weeds
Medicinal Plants
Poisonous Plants
Useful Plants & Ethnobotanical Studies
Wild Edible Plants

INTRODUCTION

The purpose of this compilation is to identify floras, manuals, checklists, theses, dissertations, websites, and other references for those interested in the identification and uses of California's lycophytes (fern allies), ferns, gymnosperms, and flowering plants, including photographic essays. I have also cited checklists in unpublished reports, environmental impact statements, contracts, and privately published and distributed material. Many of these items can be found in the libraries associated with the major herbaria around the state.

No attempt has been made to include works that are primarily ecological or physiological in emphasis or those in which only incidental mention is made of California plants.

With few exceptions, I have arbitrarily limited this survey to publications that have appeared since 1900 and I have excluded what I believe to be ephemeral checklists because they are too difficult to obtain and their authors probably never meant for them to be cited or widely circulated.

Floras are organized in a hierarchical arrangement, as illustrated in the following examples. A reference whose scope is the wildflowers of North America appears under "North America." A flora of the southwestern United States that covers a portion of California is shown under the heading "Western Regional Floras." A flora of the vascular plants of Monterey County or Toro Regional Park, which occurs in that county, will be found under the Monterey County heading. National forests, parks, monuments, and historic sites are listed under their own section, as are similar state parks, etc.

See Sections 7 for treatments that focus on a limited sampling of the larger plant families, habitats, or our uses of California plants.

I am the author or coauthor of a number of checklists. Many of them are available through the Digital Commons Program at the Humboldt State University Library.

ACKNOWLEDGMENTS

It is a pleasure to acknowledge and to thank the following individuals who were kind enough to assist me in locating references in this and in previous editions: Douglas Barbe, Linda Barker, Pam Brown, Joe Callizo, Beecher Crampton, Rosamond Day, Mary DeDecker, John Thomas Howell, James Jokerst, David J. Keil, Walter Knight, William Lennox, Jack Major, Joseph Medeiros, Elizabeth McClintock, Gilbert Muth, John Sawyer, Gary Schoolcraft, Peter Seligmann, James Shevock, Teresa Sholars, Gladys L. Smith, Veva Stansell, G. Ledyard Stebbins, Robert Thorne, Ray Vizgirdas, and Barbara Williams. The coverage of southern California has benefitted significantly from Robert Thorne's compilation.

A REQUEST

I plan to issue revisions of this compilation from time to time. Additions, corrections, and suggestions for improvement are always welcome.

James P. Smith, Jr.

SONOMA COUNTY

Barbour, M. G. 1970. The flora and plant communities of Bodega Head, California. *Madroño* 20: 289-313.

Barbour, M. G. 1972. Additions and corrections to the flora of Bodega Head, California. *Madroño* 21: 446-448.

Best, C., J. T. Howell, W. Knight, I. Knight, & M. Wells. 1996. A flora of Sonoma County. California Native Plant Soc. Sacramento. 347 pp.

Crane, N. L. & B. S. Malloch. 1985. A study of rare plants for the Geysers - Calistoga known geothermal resource area. Report 417-84.53. Dept. Engineering Research. Pacific Gas and Electric Co. 52 pp. + six appendices.

Espósito, P. & M. Rockwood. 1985. The vascular flora and plant associations of Bodega Pastures, a historic ranch in southwestern Sonoma County, California. M. A. thesis. Sonoma State Univ. 285 pp.

Guggolz, J. 1982. Vascular plants of the Warm Springs area. Unpublished list prepared for the U. S. Army Corps of Engineers.

Harrison, N. 1976. Plants and plant communities of Sonoma Co. Santa Rosa Junior Coll. Santa Rosa, CA.

Harrison, N. 1978. A flora of selected sites of the Laguna de Santa Rosa drainage in Sonoma County, California, including vernal pools and vernal wet grasslands. 48 pp.

Harrison, N. 1991. A flora of selected sites of the Laguna de Santa Rosa. Santa Rosa Junior Coll. Santa Rosa, CA.

Hektner, M. M. & T. C. Foin. 1977. A flora of the coastal terraces of Sea Ranch, Sonoma County, California. *Wasmann J. Biol.* 35: 26-53.

Howell, J. T. 1981. A partial list of the Fairfield Osborn Preserve flora. 10 pp.

Mahaffey, E. 2005. Wildflowers of The Sea Ranch. Second edition. Publ. by author. 160 pp.

Morris, E. 1970. Flora of Salt Point State Park. In, Cooperative Planning for Educational Use of Salt Point State Park. Piner-Olivet Union School District. Santa Rosa, CA. Pp. 73-92.

Nevers, G. de. 1985. Pepperwood flora. Pepperwood Ranch Natural Preserve, Sonoma County, California.

California Acad. Sci. San Francisco. 65 pp. + map.

Powell, W. R. 1968. Some vascular plants in Sonoma County, California. California Div. For. Sacramento. 18 pp.

Rubtzoff, P. 1953. A phytogeographical analysis of the Pitkin Marsh (Sonoma County). *Wasmann J. Biol.* 11: 129-219.

Serpa, L. 1981. A partial list of the Fairfield Osborn Preserve flora. With additions by J. T. Howell and others. The Nature Conservancy. San Francisco, CA. 10 pp.

Snyder, G. B. A flora of the vascular plants of The Sea Ranch, Sonoma County, California.

Warner, P. J., L. Serpa, & J. T. Howell. n. d. Vascular plants of the Fairfield Osborn Preserve and environs. On file at the California Dept. Agriculture. Sacramento.

STANISLAUS COUNTY

Allen, P. 1969. Checklist of plants in the vicinity of La Grange, California, including portions of Stanislaus and Tuolumne counties. Deposited at Univ. California, Davis Herbarium. 8 pp.

Medeiros, J. L. 1983. Some common plants of Del Puerto Canyon. Great Valley Mus. Modesto, CA. 4 pp.

SUTTER COUNTY

Ahart, L. 1983. Plants of the Sutter Buttes. Publ. by author. Honcut, CA. 26 pp.

Best, C., J. T. Howell, & M. P. Wells. 1981. Sutter Buttes, Sutter Co., California. Plants collected or noted on visit of California Botanical Club. Oct. 14, 1981. 2 pp.

Best, C., W. Follette, J. T. Howell, & M. Wells. 1984. Plant list for Bouverie Audubon Reserve. *Flora Buttensis* 5(1): 69-75.

Jepson, W. L. 1891. Botany of the Marysville Buttes. *Bull. Torrey Club* 18: 317-327.

Thomas, J. H. 1982. Sutter Buttes, Sutter County, California. Collections of John H. Thomas. Stanford Univ. Stanford, CA. 7 pp.

Wells, M. P., J. T. Howell, & C. Best. 1981. Bobelaine Audubon Sanctuary, Sutter County, California. 1 p.

TEHAMA COUNTY

Broyles, P. 1983. Flora of the Vina Plains Preserve, Tehama County, California. M. S. thesis. California State Univ., Chico. 100 pp.

Broyles, P. 1987. A flora of Vina Plains Preserve, Tehama County, California. *Madroño* 34(3): 209-227.

Hayes, M. & J. Jokerst. 1978. List of vascular plants, Lenninger Road vernal pool, Tehama County. Deposited in the 2 pp.

Jokerst, J. D. 1982. Vegetation of Buck Rock and Uhl Peak - rocky slopes of the non-forested summit (Tehama -Trinity county line, CA). *Flora Buttensis* 3(3): 14.

Jokerst, J. D. 1982. Vegetation of South Yolla Bolly, Tehama County, CA. *Flora Buttensis* 3(3): 20.

Keeler-Wolf, T. 1985. Ecological survey of the proposed Indian Creek Research Natural Area, Lassen National Forest, California. Pacific Southwest Range and Exp. Sta. Berkeley, CA. 56 pp.

McNairn, M. 2004. Nomalaki Trail plant list [Mendocino National Forest]. Based on a previous list compiled by D. Isle, V. Oswald, & L. Ahart. [11 pp.]

Oswald, V. H. 1995. A flora of Dales Lake Ecological Reserve. California Department of Fish & Game. Redding, CA. 35 pp.

Oswald, V. H. & L. Ahart. Vascular plants of Hog Lake Plateau. Unpublished report. Bureau of Land Management. Redding, CA. 32 pp.

Taylor, M. S. 1982. CNPS field trip notes - TNC Vina Plains Preserve, Tehama County, CA. *Flora Buttensis* 3(3): 64, 65.

The Nature Conservancy. The flora of the Dry Creek Preserve: gem of the Lassen foothills. 21 pp.

TRINITY COUNTY

Cole, J. & J. Sawyer. 1991. Plants recognized on a trip to Deadfall Lakes. North Coast Chapter. California Native Plant Soc. 3 pp.

Jokerst, J. D. 1982. Vegetation of Anthony Peak - rocky slopes of the non-forested summit (Mendocino-Tehama county line, CA). *Flora Buttensis* 3(3): 3.

Jokerst, J. D. 1982. Vegetation of Buck Rock and Uhl Peak - rocky slopes of the non-forested summit (Tehama-Trinity county line, CA). *Flora Buttensis* 3(3): 14.

Nelson, T. W., Jr. 1975. A check list of plants from the Lassics region. 5 pp.

Nelson, T. W., Jr. 1979. A flora of the Lassics, Humboldt and Trinity Counties, California. M. A. thesis. Humboldt State Univ. Arcata, CA. 127 pp.

Palmer, J. S. 1979. Vegetation on quartz diorite in the Bear Lakes, Trinity County, California. M. A. thesis. Humboldt State Univ. Arcata, CA. 81 pp.

Sawyer, J. O., Jr. & J. P. Smith, Jr. 1999. Vascular plants of the Scott Mountain campground area, Siskiyou and Trinity counties, California. Humboldt State Univ. Herbarium Checklist Series. 4 pp.

Sawyer, J. O., Jr., J. Palmer, & E. Cope. 1978. An ecological survey of the proposed Preacher Meadows Research Natural Area, Trinity County, California. Pacific Southwest Range and Exp. Sta. Berkeley, CA. 24 pp.

Smith, J. P., Jr. 2018. A checklist of the vascular plants of the Eagle Creek Campground and vicinity, Trinity County, California. 3 pp.

Taylor, D. W. & K. A. Teare. 1978. Ecological survey of the vegetation of the proposed Smoky Creek Research Natural Area, Shasta-Trinity National Forest, Trinity County, California. Shasta -Trinity Natl. For. Redding, CA. 44 pp.

Whipple, J. 1981. A flora of Mount Eddy, Klamath Mountains, California. Master of Arts thesis. Humboldt State Univ. Arcata, CA. 206 pp.

Whipple, J. & E. Cope. 1978. An ecological survey of a proposed Mt. Eddy Research Natural Area. Pacific Southwest Exp. Sta. Berkeley, CA. 34 pp.

TULARE COUNTY

Brush, C. S. 1992. A flora of Table Mountain. Senior project. Humboldt State Univ. Arcata, Ca. 5 [+ 5] list of collections.

Buchanan, H., R. P. Gibbens, & H. H. Biswell. 1966. Checklist of the higher plants of Whitaker's Forest, Tulare County, California. Weber State College Printing Dept. Ogden, UT. 38 pp. + index.

Eastwood, A. 1902. A flora of the south fork of Kings River from Millwood to the head waters of Bubbs Creek. Pub. No. 27. Sierra Club. 96 pp.

Griggs, F. T. 1982. Plant checklist. Pixley Vernal Pool Preserve, Tulare Co. The Nature Conservancy. San Francisco, CA. 4 pp.

Griggs, F. T. 1983. A checklist of the vascular plants found at Creighton Ranch Preserve, Tulare County, California. The Nature Conservancy. San Francisco, CA. 4 pp.

Howell, J. T. 1941. Plant records from the southern Sierra Nevada. *Wasmann Collector* 4(3): 85-91.

Howell, J. T. 1952. Mineral King and some of its plants. *Leaflets. West. Bot.* 6(11): 212-219.

Howell, J. T. 1984. The Kernville outing. *Flora Buttensis* 5(1): 23-33.

McClintock, E. 1979. Plant list for Pixley Preserve. In, Gordon, S. R. et al. A master plan inventory for the Pixley Preserve. The Nature Conservancy. San Francisco, CA. 38 pp.

Neilsen, J. A. 1971. A preliminary checklist of vascular plants of the Lake Tahoe Basin. Tahoe Regional Planning Agency. South Lake Tahoe, CA. 88 pp.

Orozco, J. M. 2016. A vascular flora of the South Fork

Tule River, southern Sierra Nevada, Tulare County, California. M. S. thesis. Claremont Graduate University.

Rice, B. 1969. Plant checklist for Mineral King, California. Sequoia National Forest. Porterville, California. 26 pp.

Shevock, J. 1984. Partial checklist of the flora: proposed Ernest C. Twisselman Botanical Area, Sirretta Peak. *Flora Buttensis* 5(1): 76.

Shevock, J. R. 1978. Vascular flora of the Lloyd Meadows Basin, Sequoia National Forest, Tulare County, California. M. A. thesis. California State Univ., Long Beach. 195 pp.

Stebbins, J. C. 1985. Phylogenetic list of plant species observed during Tule River Project Rare Plant Survey. In, Rare and endangered plants technical report. Woodward-Clyde Consultants. Walnut Creek, CA. Pp. 43-58.

Twisselmann, E. C. 1968. Checklist of the flowering plants of Cannell Meadow, Tulare County, California. 13 pp.

Wright, W. W. & O. Clark. 1973. Southern California Botanists and California Native Plant Society field trip, July 28-29, the eastern San Gabriel Mountains. *Southern California Botanists*. Claremont, CA. 5 pp.

Wright, W. W. & S. Ganley. 1977. Checklist of the plants in the Mineral King area [Tulare County]. *Southern California Botanists*. 21 pp.

TUOLUMNE COUNTY

Keeler-Wolf, T. 1985b. Ecological survey of the proposed Bell Meadow Research Natural Area, Stanislaus National Forest, California. Pacific Southwest Range and Exp. Sta. Berkeley, CA. 88 pp.

Penalosa, J. 1960. A collection of plants from the Emigrant Basin; Tuolumne County, California. Student Section, *Occas. Papers California Acad. Sci.* 5: 1-15.

Wildflowers of Tuolumne County:
