The authors would like to make corrections to their published paper [1]. The changes are as follows:

1. In Methods, Section 2.1. Study Setting and Patient Population, change the date from “The study protocol was approved by the institutional review board of both hospitals (IRB number 202002043B0; approved on 12 January 2020)” to “The study protocol was approved by the institutional review board of both hospitals (IRB number 202002043B0; approved on 1 December 2020)”.

2. In the back matter, change the date in the **Institutional Review Board Statement** to “approved on 1 December 2020”.

The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected. The original article has been updated.
