EDITORIAL	xi
1. MANAGEMENT INFORMATION SYSTEMS	
Empirical assessment of information technology chargeback systems decisions <i>D.H. Drury</i>	3
Lessons learnt from the successful adoption of an ERP: The central role of trust <i>D. Gefen</i>	17
Simultaneous analysis of heterogenous databases on the web: The ADDSIA project <i>J.M. Lamb, C.R. Smart</i>	31
2. EDUCATION INNOVATIONS & DISTANCE LEARNING	
Decision support for the management of admissions to academic programs <i>K.S. Dhir, W.H. Platt, G. Watts</i>	49
The use of tacit knowledge in selection decisions in universities <i>M.A. Barrett, L.K. Hort</i>	65
3. INTERNATIONAL BUSINESS	
Role of political violence in foreign direct investment decisions <i>H. Singh</i>	83
On the stability of countries' national technological systems <i>W. Nasierowski, F.J. Arcelus</i>	97
4. MARKETING	
Marketing of differentiated fresh produce <i>G. Baourakis, E. Lassithiotaki, P.M. Pardalos</i>	115
A decision support system for the seller's return problem in the product line design <i>G. Alexouda, K. Paparrizos</i>	131

5. FINANCE AND BANKING

Portfolio performance measures: A brief survey and hypothesis testing <i>G.L. Ghai, T.E. Pactwa, A.J. Prakash</i>	143
A system dynamics model of stock price movements <i>P.L. Kunsch, M. Theys, A. Chevalier, J.-P. Iacopetta</i>	157
Information effects on the accuracy of neural network financial forecasting <i>S. Walczak</i>	173
Is the Taiwan stock market efficient? <i>J.P. Gupta, I.M. Pandey, Chen Chao-Fu</i>	183
The dynamics of implied volatility surfaces <i>G. Skiadopoulos, S. Hodges, L. Clewlow</i>	197
Application of nonstationary Markovian models to risk management in automobile leasing <i>D.L. Smith, Y. Wu, D. Matthew</i>	213

6. OPTIMIZATION & DECISION MAKING

Decision making Under Various Types of Uncertainty <i>R.R. Yager</i>	233
Decision aid in the optimization of the interval objective function <i>C.A. Antunes, J. Clímaco</i>	251
A fuzzy extension of a mixed integer MOLP model for solving the power generation expansion problem <i>G. Mavrotas, D. Diakoulaki</i>	263
Management science for marine petroleum logistics <i>E.D. Chajakis</i>	279

7. MULTI-CRITERIA DECISION ANALYSIS, AID & PRACTICE

Dealing with missing data in rough set analysis of multi-attribute and multi-criteria decision problems <i>S. Greco, B. Matarazzo, R. Slowinski</i>	295
Cardinal value measurement with MACBETH <i>C. A. Bana e Costa, J.-C. Vansnick</i>	317
Inferring a multicriteria preference model for rural development projects evaluation <i>E. Krassadaki, Y. Siskos</i>	331
An adaptable framework for educational software evaluation <i>I. Stamelos, I. Refanidis, P. Katsaros, A. Tsoukias, I. Vlahavas, A. Pombortsis</i>	347

Assessing country risk using a multi-group discrimination method: A comparative analysis	361
<i>M. Doumpos, K. Pentaraki, C. Zopounidis, C. Agorastos</i>	
8. DECISION SUPPORT SYSTEMS AND INFORMATION TECHNOLOGY	
RODOS: Decision support for nuclear emergencies	381
<i>J. Bartzis, J. Ehrhardt, S. French, J. Lochard, M. Morrey, K.N. Papamichail, K. Sinkko, A. Sohier</i>	
DSS for the evaluation of national IT infrastructure investments: A study of cable television in Greece	397
<i>G.M. Giaglis, K.M. Manikas, V. Pergioudakis, G.I. Doukidis, P. Miliotis</i>	
Global IT outsourcing decisions: Contract structure, negotiations, and global deal teams	413
<i>S.T. Huhn, R.A. Holloway, B.A. Potter, R.A. Berry</i>	
Using Internet multimedia database information systems for decision support in conservation planning	425
<i>M. Angelides, M.C. Angelides</i>	
An interactive workload and risk balancing model and decision support system for probationer assignment	443
<i>J.R. Baker, A.C. Saydam, P.K. Lattimore</i>	
9. HEALTH CARE PLANNING & HOSPITAL OPERATIONS	
A goal programming scheme to determine the budget assignment among the hospitals of a sanitary system	459
<i>J.J. Martín, M.P. López del Amo, R. Caballero, T. Gómez, J. Molina, F. Ruiz</i>	
A simulation model to evaluate the interaction between acute, rehabilitation, long stay care and the community	475
<i>E. El-Darzi, C. Vasilakis, T.J. Chausalet, P.H. Millard</i>	
AUTHOR INDEX	487
