Contents

Preface		*vii*
Introduction		*x*
One	Foundations of Discrete Mathematics	1
	1.1 Elementary Logic	2
	1.2 Sets	11
	1.3 Graphs	20
	1.4 Relations	23
	1.5 Functions	30
	1.6 Composition of Functions	35
	1.7 Binary Operations	39
	1.8 Algebraic Structures and Structure-Preserving Maps	45
Two	Groups	53
	2.1 Group Axioms	55
	2.2 Generators and Group Graphs	64
	2.3 Permutation Groups	74
	2.4 Subgroups, Cosets, and Group Homomorphisms	82
	2.5 Special Families of Groups	95
	2.6 Symmetry Groups	105
Three	The Pólya Theory of Enumeration	113
	3.1 Counting Equivalence Classes à la Burnside	115
	3.2 Inventories of Functions	121
	3.3 Cycle Index Polynomials	126
	3.4 The Redfield-Pólya Theorem	130
	3.5 Historical Background and Applications	134

Four	Applications of Group Theory to Computer Design	137
	4.1 How Fast Can We Add?	138
	4.2 The Residue Number System	147
	4.3 Permutation Interconnections for Dynamic Memories	151
Five	Group Codes	163
	5.1 An Error Model for Computer Systems	164
	5.2 Parity-Check Codes for Independent Errors	166
	5.3 Arithmetic Codes	179
Six	Semigroups	185
	6.1 Semigroups and Monoids	187
	6.2 Subsemigroups and Submonoids	196
Seven	Finite-State Machines	203
	7.1 Semigroups and Finite-State Machines	205
	7.2 State Reduction and State Equivalence	214
	7.3 Machine Homorphisms and Machine Simulation	223
	7.4 Sequential Machines as Sequence Recognizers	238
Eight	Rings and Fields	259
	8.1 Algebraic Structures with Two Operations	261
	8.2 Finite Fields	267
	8.3 The Structure of Finite Fields	276
	8.4 The Representation of Finite Fields	290
Nine	Linear Finite-State Machines	295
	9.1 Linear Machines	296
	9.2 Autonomous Linear Machines	302
	9.3 The Cycle Structure of Linear Feedback Shift-Registers	313
	9.4 A Reprise: Pólya Theory	322
	9.5 Primitive Shift-Registers and Maximum-Length Sequences	335
	9.6 Shift-Register Decoders and Encoders	350
Ten	Boolean Algebra with Applications to Computer Design	363
	10.1 Lattices	364
	10.2 Boolean Algebras and Switching Functions	375
Bibliography		388
Index		393
Index to Notation		400
