Prog. Theor. Phys. 82 (1989), 897.

In the figure caption of Fig. 2, the initial value X_0 of $\beta_n(X_0)$ is a mistake. $X_0=0$ should be replaced by

$$X_0 = F_{a_\infty}^{1000}(a_\infty) = 1.393616080\dots$$

The authors would like to thank Professor P. Grassberger for pointing out the error in the paper.
