“Effects of Ti Addition on Cleavage Fracture in Nb-Cr-Ti Solid-Solution Alloys,” by Kwai S. Chan and David L. Davidson

Erratum

Equation 4 on Page 930 of the referenced paper is incorrect. The correct expression for Eq. [4] is

$$U_{P-N} = \frac{\mu b^2 \zeta^2}{2\pi} (\Sigma_B + \Sigma_T).$$

The authors regret the typographic errors.
