This is to confirm that there is an error in the article “Investigation of Microencapsulated BSH Active *Lactobacillus* in the Simulated Human GI Tract” by Martoni et al. Published online December 25, 2007, doi: 10.1155/2007/13684. Figure 5 should be replaced by Figure 5 below.

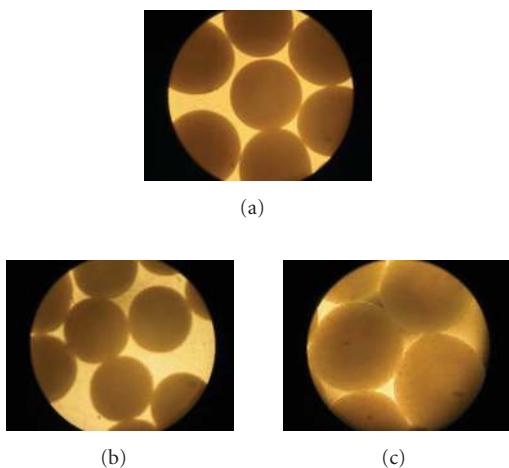

FIGURE 5: Evaluation of microcapsule integrity and morphological changes during simulated GI transit. (a) Pre-stomach transit (b) Post-stomach transit (60 minutes) (c) Post-stomach (60 minutes) and intestinal (10 hours) transit. Microcapsule size (a)  $608 \pm 36 \mu\text{m}$  (b)  $544 \pm 40 \mu\text{m}$  (c)  $725 \pm 55 \mu\text{m}$ .
