Due to an error in the normalization, the result of section 4.1 should be corrected to read $|\lambda_J| < 5.38$.

In addition, the appearances of ‘gauge group’ in pages 13–14 (above figure 1, and in the captions of figure 1 and 2) should be replaced by ‘global symmetry group’.

Acknowledgments

We are grateful to D. Li for pointing out to us the mistake in the λ_J bound.
