

First demonstration of HD video distribution over large-core POF employing UWB for in-home networks

Citation for published version (APA):

Shi, Y., Visani, D., Okonkwo, C. M., Yang, H., Van Den Boom, H. P. A., Tartarini, G., Tangdiongga, E., & Koonen, A. M. J. (2011). First demonstration of HD video distribution over large-core POF employing UWB for in-home networks. In *Proceedings of the Optical Fiber Communication Conference (OFC), 6-10 March 2011, Los Angeles, California* (pp. OWB5-1/3). [5875645]

Document status and date:

Published: 11/07/2011

Document Version:

Accepted manuscript including changes made at the peer-review stage

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.
