In the original version of this article, the mass spectrum shown in Figure 6 on page 245 is the spectrum of a degradation product from murgantiol, and not of murgantiol itself. The correct mass spectrum for murgantiol is shown below. The authors regret this error.

Fig. 6 Electron impact ionization (70 eV) mass spectrum of the *Murgantia histrionica* male-specific compound (murgantiol)

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10886-007-9415-x>.
