LITERACY IN A CULTURE OF DELIMITATION AND PROVISIONALITY

Pachler, N. (2014). Invited talk at the Bristol Ideas in Mobile Learning 2014 Symposium, Bristol.

Abstract

This talk, with reference to the prevailing economic, social, cultural, technological conditions, will problematise traditional definitions of literacy. It will discuss new forms of appropriation and meaning-making, namely those that valorize the cultural resources and media practices of everyday life and that take seriously the subjectivities and identities of learners and their modes of (self)representation.
