

# **Management of organizational knowledge creation in new product development projects**

DISSERTATION  
der Universität St. Gallen,  
Hochschule für Wirtschafts-,  
Rechts- und Sozialwissenschaften (HSG)  
zur Erlangung der Würde einer  
Doktorin der Wirtschaftswissenschaften

vorgelegt von  
**Anja Schulze**  
aus  
Deutschland

Genehmigt auf Antrag der Herren

**Prof. Dr. Fritz Fahrni**  
und  
**Prof. Dr. Roman Boutellier**

Dissertation Nr. 2957

# Table of Contents

<b>1 Introduction .....</b>	<b>1</b>
1.1 Field perspective.....	2
1.1.1 Trends of new product development.....	4
1.1.1.1 Trend 1: Increasing product complexity .....	4
1.1.1.2 Trend 2: Accelerating speed of new product development.....	5
1.1.2 Challenges of knowledge management.....	6
1.1.2.1 Challenge 1: Selection of the appropriate knowledge management methods.....	7
1.1.2.2 Challenge 2: Identification of knowledge management's contribution to a company's success .....	10
1.1.2.3 Challenge 3: Formation of a 'knowledge culture' as a prerequisite for knowledge management .....	12
1.2 Theoretical perspective.....	14
1.2.1 Prior research on new product development and knowledge creation.....	15
1.2.2 Prior research in knowledge creation and enhancing means.....	17
1.3 Research focus.....	20
1.3.1 Research question .....	21
1.3.2 Research goals.....	23
1.3.3 Structure of contents .....	24
<b>2 Research approach .....</b>	<b>26</b>
2.1 Research process .....	26
2.2 Research methods.....	28
2.2.1 Qualitative research methods .....	28
2.2.2 Quantitative research methods.....	29
2.2.3 Triangulation of methods.....	30
2.3 Sample and data collection.....	32
2.3.1 Data collection for the development of the conceptual model and hypotheses .....	34
2.3.1.1 International benchmarking on knowledge management.....	34
2.3.1.2 Workshop-series on knowledge management in product innovation projects.....	36
2.3.2 Data collection for the test of the conceptual model and hypotheses .....	37
2.3.2.1 Survey on 'The impact of knowledge management on the performance of new product development projects' .....	38
2.3.2.2 Interview series on 'Knowledge management in product innovation projects' .....	41
2.3.3 Data collection for the development of an action model .....	42
2.3.3.1 Interviews on the practical relevance of the refined conceptual model .....	42
2.3.3.2 International benchmarking on 'cultural premises for knowledge sharing'.....	42
<b>3 Theory and development of Hypothesis.....</b>	<b>44</b>
3.1 Theoretical perspectives of the firm.....	44
3.1.1 Resource-based theory .....	44
3.1.2 Dynamic capabilities view .....	45
3.1.3 Knowledge-based theory.....	46

3.2	The concept of knowledge .....	49
3.2.1	Epistemological assumptions .....	49
3.2.2	Notion and definition of knowledge .....	51
3.2.3	Appearances of knowledge .....	54
3.2.4	Delimitation of knowledge-related concepts .....	59
3.2.5	The management of knowledge .....	60
3.3	Conceptualization and theory of organizational knowledge creation .....	62
3.3.1	Conceptualization of knowledge creation .....	63
3.3.1.1	Knowledge acquisition and organizational knowledge .....	63
3.3.1.2	Organizational learning and organizational knowledge creation .....	64
3.3.1.3	Collective learning and organizational knowledge creation .....	66
3.3.1.4	Individual learning and organizational knowledge creation .....	67
3.3.2	Theory of organizational knowledge creation .....	68
3.3.2.1	Theory of organizational knowledge creation based on SECI .....	69
3.3.2.2	Further theoretical concepts of organizational knowledge creation .....	76
3.4	New product development and a generic new product development process .....	78
3.4.1	Delimitation and interrelation of new product development and innovation .....	78
3.4.1.1	Delimitation of new product development and innovation .....	78
3.4.1.2	Interrelation of new product development and innovation .....	80
3.4.2	A generic process of new product development .....	81
3.4.2.1	Idea generation .....	83
3.4.2.2	Product concept creation, evaluation and selection .....	84
3.4.2.3	Technical development .....	86
3.4.2.4	Product launch .....	88
3.5	Development of hypotheses .....	90
3.5.1	Organizational knowledge creation during idea generation .....	94
3.5.1.1	Socialization during idea generation .....	94
3.5.1.2	Externalization during idea generation .....	97
3.5.1.3	Combination during idea generation .....	97
3.5.1.4	Internalization during idea generation .....	99
3.5.2	Organizational knowledge creation during the concept phase .....	101
3.5.2.1	Socialization during the concept phase .....	101
3.5.2.2	Externalization during the concept phase .....	102
3.5.2.3	Combination during the concept phase .....	104
3.5.2.4	Internalization during the concept phase .....	107
3.5.3	Organizational knowledge creation during technical development .....	107
3.5.3.1	Socialization during technical development .....	107
3.5.3.2	Externalization during technical development .....	110
3.5.3.3	Combination during technical development .....	111
3.5.3.4	Internalization during technical development .....	113
3.5.4	Organizational knowledge creation during product launch .....	113
3.5.4.1	Socialization during product launch .....	114
3.5.4.2	Externalization during product launch .....	115
3.5.4.3	Combination during product launch .....	117
3.5.4.4	Internalization during product launch .....	119
3.5.5	Research model .....	120

<b>4</b>	<b>Empirical investigation and test of hypotheses .....</b>	<b>122</b>
4.1	Empirical test of hypotheses .....	122
4.1.1	Operationalization of knowledge creation activities .....	123
4.1.1.1	Socialization .....	124
4.1.1.2	Externalization .....	125
4.1.1.3	Combination .....	125
4.1.1.4	Internalization .....	126
4.1.2	Operationalization of phase performance .....	127
4.1.2.1	Idea generation .....	129
4.1.2.2	Concept development, evaluation, and selection .....	131
4.1.2.3	Technical development .....	133
4.1.2.4	Product launch .....	134
4.1.3	Measure validation .....	136
4.1.3.1	Measurement model of organizational knowledge creation activities .....	137
4.1.3.2	Measurement model for outcomes of idea generation and concept phase .....	138
4.1.3.3	Measurement model for outcomes of technical development and product launch .....	140
4.1.4	Test of hypotheses .....	141
4.1.4.1	Impact of knowledge creation activities on idea generation .....	143
4.1.4.2	Impact of knowledge creation activities on product concept development, evaluation, and selection .....	144
4.1.4.3	Impact of knowledge creation activities on technical development .....	145
4.1.4.4	Impact of knowledge creation activities on Product launch .....	146
4.2	Discussion of results .....	147
4.2.1	Organizational knowledge creation during idea generation .....	149
4.2.1.1	Socialization during idea generation .....	149
4.2.1.2	Combination during idea generation .....	150
4.2.1.3	Internalization during idea generation .....	150
4.2.2	Organizational knowledge creation during product concept creation, evaluation, and selection .....	151
4.2.2.1	Socialization during the concept phase .....	151
4.2.2.2	Externalization during the concept phase .....	152
4.2.2.3	Combination during the concept phase .....	153
4.2.2.4	Internalization during the concept phase .....	153
4.2.3	Organizational knowledge creation during technical development .....	154
4.2.3.1	Socialization during technical development .....	154
4.2.3.2	Combination during technical development .....	155
4.2.4	Organizational knowledge creation during product launch .....	155
4.2.4.1	Externalization during product launch .....	156
4.2.4.2	Combination during product launch .....	156
4.2.4.3	Internalization during product launch .....	157
4.2.5	Theoretical contributions and managerial implications .....	157
4.2.5.1	Contributions to the knowledge-based theory .....	158
4.2.5.2	Contributions to the theory of organizational knowledge creation .....	159
4.2.5.3	Contributions to the model of organizational knowledge creation in new product development processes .....	160
4.2.5.4	Implications for the management of organizational knowledge creation in new product development processes .....	162

<b>5 Recommendations for managing knowledge creation in new product development .....</b>	<b>164</b>
5.1 Strategic dimension: guidance for managing knowledge creation .....	165
5.1.1 Orientation for a knowledge strategy in new product development .....	167
5.1.1.1 Analysis of value proposition.....	168
5.1.1.2 Analysis of current processes of knowledge creation .....	169
5.1.1.3 Analysis of current management of knowledge creation .....	169
5.1.2 Knowledge strategy formulation.....	170
5.1.2.1 Sourcing for knowledge creation .....	171
5.1.2.2 Extension of knowledge creation .....	171
5.1.2.3 Speed of knowledge creation .....	172
5.1.2.4 Shape of knowledge base .....	173
5.1.2.5 Orientation of knowledge management .....	174
5.1.2.6 Generic knowledge management strategies .....	175
5.1.3 Knowledge strategy realization.....	177
5.1.3.1 Design phase .....	177
5.1.3.2 Implementation phase .....	178
5.1.3.3 Institutionalization phase .....	178
5.1.4 Knowledge strategy controlling .....	179
5.1.4.1 Time of measurement: Before/after and pilot groups .....	180
5.1.4.2 Subject of measurement: Results and Activities .....	181
5.1.4.3 Method of measurement: Applying 'soft' and 'hard' measures.....	185
5.2 Operational dimension: methods that enhance knowledge creation.....	189
5.2.1 Knowledge management methods that enhance idea generation.....	192
5.2.1.1 Knowledge broker.....	193
5.2.1.2 Knowledge maps.....	194
5.2.1.3 Research services .....	197
5.2.2 Knowledge management methods and measures that enhance the concept phase .....	198
5.2.2.1 Databases.....	198
5.2.2.2 Index services.....	200
5.2.3 Knowledge management methods and measures that enhance technical development.....	201
5.2.3.1 Initiation of informal internal events.....	202
5.2.3.2 Communities of practice .....	203
5.2.3.3 Project briefings .....	204
5.2.4 Knowledge management methods and measures that enhance product launch .....	205
5.2.4.1 Experience reports.....	206
5.2.4.2 Expert interviews .....	208
5.2.4.3 Best practice cases.....	209
5.3 Normative dimension: a knowledge culture as indispensable precondition .....	210
5.3.1 Care .....	212
5.3.1.1 Communication .....	213
5.3.1.2 User-friendliness .....	214
5.3.1.3 Trust .....	215
5.3.1.4 Determination of objectives .....	216
5.3.2 Commitment .....	216
5.3.2.1 Management attention and support .....	217
5.3.2.2 Deliberate investment: time .....	218
5.3.2.3 Embedding in processes.....	218
5.3.2.4 Motivation and incentives.....	219

<b>6 implications for further research .....</b>	<b>222</b>
6.1 Limitations of research.....	223
6.2 Implications for further research .....	224
<b>Appendices .....</b>	<b>225</b>
Appendix I: Questionnaire Part A.....	225
Appendix II: Questionnaire Part B.....	229
Appendix III: Measures.....	237
Appendix IV: Measure validation procedures .....	240
Appendix V: Measurement models.....	248
Appendix VI: Correlation Matrixes for SECI and development performance .....	251
Appendix VII: Correlation Matrix for SECI and knowledge management methods .....	253
Appendix VIII: Correlation Matrix for project phase performance and overall project performance.....	254
<b>References .....</b>	<b>255</b>
