Erratum to: Behav Genet (2009) 39:233–244
DOI 10.1007/s10519-009-9269-9

On p. 241, left column, line 3 from the top, it should read
“higher” (onset age) instead of “lower”.

Corrected text should read
.... the disorder is more likely to have already developed
in individuals with higher liability, whereas those with
lower liability (one of the manifestations of which is a
higher onset age) have not yet realized their risk.
