ERRATUM

An incorrect formula was printed in the article, "Measures of Inter-observer Agreement: Calculation Formulas and Distribution Effects," by Alvin E. House, *Journal of Behavioral Assessment,* 1981, Vol. 3, No. 1, pp. 37–57. The incorrect formula is on page 43, formula 13 for phi.
The correct formula is

$$\phi = \frac{(A \cdot D) - (A \cdot C)}{\sqrt{(A + B)(C + D)(A + C)(B + D)}}$$
