

New Industries from New Places

***The Emergence of the Software
and Hardware Industries in
China and India***

Neil Gregory
Stanley Nollen
Stoyan Tenev

A COPUBLICATION OF STANFORD ECONOMICS AND FINANCE,
AN IMPRINT OF STANFORD UNIVERSITY PRESS, AND THE WORLD BANK

Washington, D.C.
Stanford, California

Contents

Foreword.....	xi
Acknowledgments.....	xiii
About the Authors.....	xv
Abbreviations.....	xvii

Part I Foundations

1	Context for the Study of the Software and Hardware Industries in China and India.....	3
2	A Framework for Understanding Industry Performance Differences....	21
3	The Legacy of China's and India's Investment Climates.....	31

Part II Software

4	Software Industry Performance in China and India: An Introduction....	55
5	The Influence of Factors of Production on Differences in the Software Industries of China and India.....	63
6	The Influence of Management on the Software Industries in China and India.....	87
7	The Effects of the Business Environment and Competition on Software Industries in China and India.....	115
8	Summary of Factors behind the Success of China's and India's Software Industries.....	131

Part III Hardware

9	Hardware Industry Performance in China and India: An Introduction.....	141
10	The Influence of Factors of Production on the Hardware Industries in China and India.....	149
11	The Influence of Management on the Hardware Industries in China and India.....	169

12	The Effects of Business Environment and Competition on Chinese and Indian Hardware Industries	185
13	Summary of Explanations for the Different Outcomes for China's and India's Hardware Industries	209

Part IV Summary and Conclusions

14	Why Software and Hardware Industries Differed in China and India . . .	215
15	Emerging Trends in the Chinese and Indian Software and Hardware Industries	221

References and Other Resources 229

Index 241

Boxes

3.1	China's Early Approach to Science and Technology (S&T)	49
5.1	The China Brain Drain Problem	65
5.2	Infosys Technologies: Software Startup with Early Self-Financed Growth	82
6.1	UFIDA Software Ltd.: Risk-Taking Pays Off	93
6.2	Tata Consultancy Services: A Hard Alliance as a Springboard to Software Success	104
6.3	HiSoft: A Wholly Foreign-Owned Enterprise in China	106
6.4	NRI Finds Software Companies	111
7.1	SUPCON: Technology and Management Support from the Chinese Government	117
7.2	Wipro: From Edible Oils to Hardware to Software	122
10.1	EVOC Intelligent Technology: Access to Flexible Labor and Advanced Technology	167
11.1	Technology Transfer through FDI: Suzhou	174
11.2	Huawei Technologies: International Leadership through Advanced Technology and Chinese Government Support	176
11.3	Moser Baer: An Exception to the Rules	177
11.4	Siemens: A Foreign-Owned Company's Success in China	180
11.5	HCL Perot in India: From Import-Protected Hardware to Software . . .	181
12.1	Hical: Indian Hardware Supplier	191
12.2	The Development of the Semiconductor Industry in China: Governments Pitch In	195
12.3	China's Hardware Companies Go Global	206

Figures

3.1	Manufacturing as Percentage of GDP in China and India, 1968–2002 . .	37
3.2	GDP Growth in India	42
