L. BABAI, L. FORTNOW, AND C. LUND, Non-deterministic exponential time has two-prover interactive protocols, *Comput complexity* 1 (1991), 3–40.

The authors regret that the following comment did not appear in Section 7.1: The results of this Section were originally developed in the paper “Checking computations in polylogarithmic time”, by L. BABAI, L. FORTNOW, L. A. LEVIN, AND M. SZEGEDY, *Proc. 23rd ACM Symp. on Theory of Computing*, 1991, 21–31.
