**'On the structure of all minimum cuts in a network and applications' by
Jean-Claude Picard and Maurice Queyranne**

[*Mathematical Programming Study 13* (Combinatorial Optimization II,
1980) 8–16]

The reference given in Proposition 5, p. 10 should be [23] instead of [13]. The first few words of this proposition should read: "If R and R' are ...".

In the reference list, this same reference [23] is a report from Ecole Polytechnique de Montréal (P.O. Box 6079–A, Montréal Qué H3C 3A7, Canada).
