The journal retracts the article “Neurological Alterations and Testicular Damages in Aging Induced by D-Galactose and Neuro and Testicular Protective Effects of Combinations of Chitosan Nanoparticles, Resveratrol and Quercetin in Male Mice. *Coatings* 2021, 11, 435” [1].

The article was found to have a duplicated image in Figure 5, and the authors could not provide a satisfactory explanation as to the reason for the duplication, or an explanation as to how this occurred.

Following additional discussion with the authors and the Editorial Board, the conclusions drawn in the article were deemed to not be supported by the work therein. The authors were asked to respond and were unable to do so satisfactorily.

The article is therefore retracted.

This retraction was approved by the Editor-in-Chief of the journal, Dr. Alessandro Lavacchi. The authors did not agree to this retraction.
