Potential competing interests: No potential competing interests to declare.

The abstract must clearly contain a brief background, problem statement, research objectives or the purpose of the study, methodology, results and conclusions; need more information about technology 5.0

No theory was found to explain as a basis for the study especially to analyzing the objectives and develop the framework of the study

The methodology section is too brief - hope can explain/write more details. The research methodology is not appropriate/not details.

The conclusion section too simple/too brief. Please discuss the implications of the study and the future research direction.
