

σ, π Aromaticity and Anti-Aromaticity as Retrieved by the Linear Response Kernel

Supplementary Material

Stijn Fias, Paul Geerlings, Paul Ayers, Frank de Proft

On the next pages, the linear response values for the molecules discussed in the paper “ σ , π Aromaticity and Anti-Aromaticity as Retrieved by the Linear Response Kernel” by Fias *et al.* are given. The numbering of the atoms is shown in the provided pictures. When molecules are discussed in different ionization states, the numbering of the atoms is the same for all ionization states.
