In Fig. 1 the carbamoyl molecule was inadvertently omitted from the chemical formula for the sst3-selective analogue sst3-ODN-8 (315-164-15). The correct formula is:

carbamoyl-des-AA^{1,2,4,5,12,13}-[D-Cys³, Tyr⁷, D-Agl⁸(Me, 2-naphthoyl)]-somatostatin-14.
