Unfortunately two misprints have crept into the text of this letter.
On p. 159, second column, line 10, please read

instead of it is *not* possible to find the sign of $g_x g_y g_z$

it is possible to find the sign of $g_x g_y g_z$;

and on p. 160, second column, line 21, please read

instead of induced by T_4

included by T_4 .
