2.2 Optimal choice in tourism demand	24
2.3 The social context of tourism decision-making	39
2.4 Conclusions	44
3 Empirical studies of tourism demand	45
3.1 Introduction	45
3.2 The single equation approach to estimating tourism demand	46
3.3 The systems of equations models of tourism demand	61
3.4 Forecasting tourism demand	68
3.5 The characteristics framework revisited	71
3.6 Conclusions	74

Part II	The economics of tourism supply	77
4	Microeconomic foundations of tourism supply	79
4.1	Introduction	79
4.2	The industrial economics background	81
4.3	The structure–conduct–performance (SCP) paradigm	91
4.4	Game theory and tourism	129
4.5	Conclusions	138
5	The economic profile and characteristics of the tourism sectors	140
5.1	Introduction	140
5.2	The transport sector	141
5.3	The accommodation sector	166
5.4	The intermediary sector	175
5.5	Tourism attractions	186
5.6	Conclusions	193
Part III	The economics of tourism at a national, regional and international level	197
6	Tourism in a national and regional context	199
6.1	Introduction	199
6.2	The size of the tourism sector	200
6.3	The economic impact of tourism	205
6.4	Growth	219
6.5	Tourism and economic transformation	230
6.6	Conclusions	235
7	Tourism in an international context	237
7.1	Introduction	237
7.2	Explanations of trade and tourism	238
7.3	Globalization and transnational corporations in tourism	250
7.4	Strategic tourism policy, protectionism and GATS	258
7.5	Conclusions	262
Part IV	The economics of environmental issues in tourism and an appraisal of the economic analysis of tourism	265
8	Global environmental issues and tourism	267
8.1	Background	267
8.2	The environment and its role	269
8.3	The relevance of the concept of globalization to environmental issues	272
8.4	Global environmental issues	273
8.5	Tourism and global environmental challenges	276
8.6	Solutions to global environmental problems	277
8.7	The environmental implications of international tourism	278

8.8	Global environmental issues, international trade and tourism	287
8.9	Sustainability	295
8.10	Sustainability and tourism	302
8.11	Conclusions on the state of the analysis of sustainable tourism	308
8.12	Final observations on global environmental issues and tourism	309
9	The analysis of tourism environmental issues at the local level	311
9.1	The content and scope of environmental and ecological economics	311
9.2	The context of the microeconomic analysis of environmental issues	315
9.3	Capital appraisal frameworks	322
9.4	Cost-benefit analysis and its variants	323
9.5	Cost-benefit analysis: its scope and content	326
9.6	A critique of cost-benefit analysis	333
9.7	Tourism development and cost-benefit analysis	334
9.8	Market valuation of resources and market failure	335
9.9	Resources use and conservation	347
9.10	Tourism and the use of non-renewable and renewable resources	353
9.11	Case studies of tourism's performance in the use of renewable resources	362
9.12	Some wider implications of studies of tourism's use of renewable resources	366
9.13	A postscript on the economics of environmental issues relating to the use of resources in tourism destinations	369
9.14	Conclusions	370
10	The valuation of resources and environmental policy instruments	372
10.1	Introduction	372
10.2	The valuation of resources	373
10.3	The total economic value of resources	376
10.4	Valuation methods	380
10.5	Other methods of valuation	395
10.6	A concluding overview of the application to tourism of the main methods of valuing non-priced resources	399
10.7	Achieving environmental targets: policy instruments	401
10.8	Priced-based instruments	402
10.9	Non-monetary instruments: regulation and standards	411
10.10	Some general observations on policy instruments	413
10.11	Environmental policy instruments in the context of tourism	414
10.12	An overall appraisal of the application of environmental economics to tourism	419
11	Whither the economics of tourism?	423
11.1	Background	423
11.2	Perceptions of tourism economics research	424
11.3	An overall appraisal of the current state of tourism economics research	433

11.4	The wider context of the economic analysis of tourism	435
11.5	The future direction of research on tourism	437
11.6	The future direction of economics tourism research	441
11.7	Postscript	443
