# **The Future of the Nursing Workforce in the United States**

## **Data, Trends, and Implications**

**Peter I. Buerhaus, PhD, RN, FAAN**

Valere Potter Distinguished Professor of Nursing  
Director, Center for Interdisciplinary Health Workforce Studies  
Institute for Medicine and Public Health  
Vanderbilt University Medical Center

**Douglas O. Staiger, PhD**

John French Professor in Economics  
Dartmouth College  
Research Associate  
National Bureau of Economic Research

**David I. Auerbach, PhD**

Principal Analyst  
Health and Human Resources Division  
Congressional Budget Office

**B 360592**

**JONES AND BARTLETT PUBLISHERS**

*Sudbury, Massachusetts*

**BOSTON      TORONTO      LONDON      SINGAPORE**

Preface	xi
Acknowledgments	xiii
About the Authors	xv

## **SECTION ONE: INTRODUCTION AND OVERVIEW**

<b>CHAPTER 1: INTRODUCTION AND OVERVIEW</b> . . . . .	<b>1</b>
Focus on Registered Nurses	2
Economic Perspective	3
Ominous Outlook	3
Overview of Book	4
Section One: Introduction and Overview	4
Section Two: Factors That Influence the Demand for RNs	5
Section Three: Factors That Influence the Supply of RNs	6
Section Four: Shortages of Hospital RNs, Impact on Quality, and RN Working Conditions	8
Section Five: Implications and Recommendations	10
Data on the Nursing Workforce	11
Current Population Survey (CPS)	11
National Sample Survey of Registered Nurses (NSSRN)	12
Privately Funded National Surveys	14
A Final Comment	15
Appendix 1-1: Detailed Information About Data Sources	16
Current Population Survey	16
National Sample Survey of Registered Nurses (NSSRN)	18
National Surveys Conducted for the Johnson & Johnson Campaign for Nursing's Future	20

Resources	23
References	24
<b>CHAPTER 2: KEY TRENDS IN THE HEALTHCARE INDUSTRY AND THE NURSING WORKFORCE . . . . .</b>	<b>25</b>
Overview of the Healthcare System and RN Employment	25
RN Employment	26
Labor Force Characteristics of RNs	32
Participation in the Workforce, Hours Worked, and Key Demographic Characteristics	33
Earnings of Registered Nurses	37
Educational Preparation	39
Comparing Key Trends Between RNs and Other Professions	41
Chapter Summary	43
References	44
<b>CHAPTER 3: A BRIEF PRIMER ON DEMAND AND SUPPLY . . . . .</b>	<b>45</b>
The Demand for Labor	46
The Supply of Labor	48
Equilibrium in a Competitive Labor Market	50
Equilibrium When Multiple Markets Compete for the Same Type of Labor	54
Labor Market Shortage as Disequilibrium	55
Chapter Summary	56
<b>SECTION TWO: FACTORS THAT INFLUENCE THE DEMAND FOR RNs</b>	
<b>CHAPTER 4: THE DEMAND FOR HEALTH CARE AND THE DERIVED DEMAND FOR REGISTERED NURSES . . . . .</b>	<b>57</b>
Society's Demand for Health Care	58
Changes in the Health, Size, and Age Composition of the Population	59
Sociocultural Characteristics	62
Economic Factors	63
Changes in the Organization of the Healthcare System	66
Technology	69
Healthcare Organizations' Demand for Registered Nurses	70
Factors That Determine Organizations' Demand for RNs	71
Projections of the Future Demand for Nurses	75
BLS Projections to 2014	76
HRSA's Projections Through 2020	78

Chapter Summary	79
References	81
<b>CHAPTER 5: MANAGED CARE AND THE NURSE LABOR MARKET . . . . .</b>	<b>83</b>
Overview of Managed Care	84
The Impact of Managed Care on the Demand for Registered Nurses	86
Identifying States That are Early Adopters of Managed Care	87
Trends in the Employment and Earnings of Nurses in Early Adopter and Laggard States	89
Trends in the Employment of RNs by Sector in Early Adopter and Laggard States	92
Chapter Summary	94
References	95
<b>SECTION THREE: FACTORS THAT INFLUENCE THE SUPPLY OF RNs</b>	
<b>CHAPTER 6: THE SHORT-RUN SUPPLY OF REGISTERED NURSES . . . . .</b>	<b>97</b>
Economic and Noneconomic Factors That Determine the Short-Run Supply of RNs	98
Economic Factors Impacting RNs' Decisions to Participate in the Nurse Labor Market and Number of Hours Worked	98
Impact of Noneconomic Factors on the Short-Run Labor Supply of RNs	106
Changes in Hospital RN Employment Associated with RN Wages and Nonwage Income	112
RN Employment Changes in "Bust" versus "Boom" Years	112
Recent Changes in RN Employment	115
Changing Composition of the RN Workforce in the United States	117
Increasing Proportion of Foreign-Born RNs	118
An Aging RN Workforce	118
Chapter Summary	120
References	121
<b>CHAPTER 7: THE LONG-RUN SUPPLY OF REGISTERED NURSES . . . . .</b>	<b>123</b>
Overview of Trends in Nursing Education	124
Factors That Determine the Long-Run Supply of RNs	126
Changes in the Population	128
Changes in Societal Preferences for a Career in Nursing (the Cohort Effect)	129

Influence of RN's Age (Age Effects)	130
Alternative Sources of RNs	131
Economic Factors and the Decision to Become an RN	132
Number and Capacity of Nursing Education Programs	136
Previous Projections of the Long-Run Supply of RNs: 2000 to 2020	140
Overview of Authors' 2000 Projection Model and Estimates of the Long-Run Supply of RNs Through 2020	142
Overview of HRSA's 2002 Projection Model and Estimates of the Long-Run Supply of RNs Through 2020	142
Chapter Summary	143
Appendix 7-1: The Influence of Economic Factors in Determining the Choice of Nursing Education Programs and Expanding the RN Workforce	145
References	147
CHAPTER 8: CHANGING PREFERENCES FOR A CAREER IN NURSING . . .	151
Data on Career Choices of Young People	152
Declining Interest in Nursing	154
Explanations for the Decline in Interest in Nursing	155
What Is Behind the Recent Rise in Interest in Nursing?	160
Chapter Summary	160
References	161
CHAPTER 9: ASSOCIATE DEGREE GRADUATES AND THE RAPIDLY AGING REGISTERED NURSE WORKFORCE. . . . .	163
Rise in Associate Degree Graduates	163
Explaining the Increase in the Percentage of Associate Degree RN Graduates	165
Changing Patterns of Ages of Graduates	167
Cohort Effects as an Explanation for Patterns and Trends Observed for Associate Degree Graduates	168
Older Age of New Graduates	170
Chapter Summary	171
References	172
CHAPTER 10: FORECAST OF THE SUPPLY AND AGE OF REGISTERED NURSES THROUGH 2025 . . . . .	173
Overview of Forecasting Model and Key Results	173

Components of Our Forecast Model	174
Cohort, Population, and Age Effects	175
Prior Workforce Supply Model and Forecasts	179
Updating Our Forecast	180
Age and Supply Forecasts Through 2025	183
Implications of the Resurgence of the 1970s Cohorts	186
Chapter Summary	188
Appendix 10-1: How the Projection Model Was Estimated	188
Estimating the Model	189
Forecasting Using the Model	190
Incorporating Recent Changes in Age Effects	191
References	191

**SECTION FOUR: SHORTAGES OF HOSPITAL RNS, IMPACT ON QUALITY, AND RN WORKING CONDITIONS**

<b>CHAPTER 11: SHORTAGES OF REGISTERED NURSES: THEN AND NOW . . .</b>	<b>193</b>
Defining, Explaining, and Measuring Hospital Shortages of RNs	194
Economic Definition of a Hospital RN Shortage (and Surplus)	194
Measuring Hospital RN Shortages	198
The Development of Hospital RN Shortages in the United States	199
Inflexible RN Wages and Hospital RN Shortages in the 1960s and 1970s	200
Demand-Driven RN Shortages in the 1980s	201
The RN Labor Market in the 1990s: Another Shock in Demand	203
Deterioration in Hospital RN Working Conditions	204
Influence of a Changing Age Composition of the RN Workforce in the Development of the Current Shortage of RNs	205
Aging RN Workforce	206
RN Shortages in Intensive Care Units and Operating Rooms	207
Changes in RN Wages and Reported Hospital Vacancy Rates: 2002 to 2006	210
Chapter Summary	212
Appendix 11-1: Why Hospitals Are Often Slow to Increase RN Wages When Experiencing a Shortage of RNs	214
Hospitals Might Not Realize a Shortage Exists	
Hospitals Do Not Know How Much to Raise Wages	214

Fear That Raising Wages Might Actually <i>Decrease</i>	
Employment	215
Less Costly Alternatives	216
Collusion Among Hospitals	216
References	217
<b>CHAPTER 12: IMPACT OF THE CURRENT SHORTAGE OF HOSPITAL REGISTERED NURSES. . . . .</b>	<b>219</b>
Overview of the Quality and Safety Improvement Environment	220
Development of a National Movement to Improve Quality and Safety	220
Patient Outcomes Associated with Hospital Nurse Staffing	224
Complexity of Studies of Hospital Nurse Staffing and Patient Outcomes	225
Summary of Results of Hospital Nurse Staffing Studies and Patient Outcomes	226
Impact of the Current Shortage of Hospital RNs: Perceptions of Physicians, RNs, and Hospital Executives	229
Surveys of RNs, Physicians, Hospital CEOs, and Hospital CNOs	230
Survey Findings	231
Chapter Summary	239
References	241
<b>CHAPTER 13: REGISTERED NURSES' PERCEPTIONS OF THE HOSPITAL WORKPLACE ENVIRONMENT, 2002 TO 2006. . . . .</b>	<b>245</b>
Overview of National RN Surveys	246
Survey Themes and Data	246
Characteristics of RN Samples	247
Survey Results	248
Prevalence, Severity, and Impact of the Current Hospital RN Shortage	248
Causes of the Nursing Shortage and RNs' Views of How to Solve the Shortage	251
Characteristics of the Hospital Work Environment	
Job and Career Satisfaction	253
Likelihood of Advising a Career in Nursing	263

Chapter Summary	264
References	265

**SECTION FIVE: IMPLICATIONS AND RECOMMENDATIONS**

<b>CHAPTER 14: LONG-TERM IMPLICATIONS OF AN AGING RN WORKFORCE . . . . .</b>	<b>267</b>
The Aging RN Workforce and Its Impact on the Future Supply of RNs	268
The Growing Demand for Health Care and Its Impact on the Future Demand for RNs	269
The Unprecedented Shortage of RNs That Is on the Horizon	271
Implications for Hospitals and Other Employers of RNs	272
Implications for Quality, Safety, and Access to Care	274
Implications for RNs Themselves	276
Implications for Nursing Education Programs	277
Chapter Summary	279
References	281

<b>CHAPTER 15: STRATEGIES TO ENSURE A BETTER FUTURE FOR THE RN WORKFORCE . . . . .</b>	<b>283</b>
Transition Policy Strategies	284
Transition Demand Side Strategies	284
Transition Supply Side Strategies	289
Transition Policies Involving RN Wages	294
Long-Run Policies	295
Reducing Barriers to Enter the Nursing Profession in the United States	296
Nursing as an Undervalued Social Benefit	299
Chapter Summary	302
References	303
 Index	 305
