Windish DM, Diener-West M. A clinician-educator's roadmap to choosing and interpreting statistical tests. *J Gen Intern Med.* 2006;21:656-660. The following information was inadvertently omitted from this manuscript:

Supplementary Material

The following supplementary material is available for this article online at www.blackwell-synergy.com

Appendix 1. Diagrammatic approach to choosing summary measures, statistical tests, and methods.

Appendix 2. Glossary of terms.

In her editorial in the April 2006 issue of *JGIM*, Dr. Corbie-Smith discussed the article "Distrust of the Health Care System and Self-Reported Health in the United States," by Armstrong et al. and cited "Anderson K" as first author in the text and references. However, the article upon which she commented was, in fact, written by Katrina Armstrong. The editors regret this error.

Sudore RL, Landefeld CS, Williams BA, Barnes DE, Lindquist K, Schillinger D. Use of a modified informed consent process among vulnerable patients: a descriptive study. *J Gen Intern Med.* 2006;21: 867-873. In the original publication of this manuscript, there is an error in the Results section. The correction is as follows: The percentage of non-English-speaking participants was 38%, not 46%.
