In the original version of this article (1), there are errors in Figs. 4D and 5B. Specifically, in Fig. 4D, the CRL-5889 DCFH-DA staining image was mistakenly used with the L78 staining image. In addition, the L78 Western blot images of Fig. 5B were erroneously used with the HTB-182 Western blot images. The correct images have been provided, and the errors have been corrected in the latest online HTML and PDF versions of the article. The authors regret these errors.
